

Shaping a Greener Future with Power Electronics

## 17<sup>th</sup> IEEE Energy Conversion Congress & Expo (ECCE) 2025

Shaping a Greener Future with Power Electronics

11 - 14 May, 2025 | Hilton Embassy Manyata Business Park, Bengaluru, India

# BEST PAPER AWARD

### Authors

Taro Takamori (The University of Tokyo)\*; Kuan-Ting Li (National Yang Ming Chiao Tung University); Han-Lin Wang (National Yang Ming Chiao Tung University); Tetsutaro Otobe (Citizen Finedevice); Satoshi Sue (Citizen Finedevice); Ryu Nagahama (Iwatsu Electric); Po-Hung Chen (National Yang Ming Chiao Tung University); Makoto Takamiya (The University of Tokyo)

### Presented their Paper Titled

Current Measurement of GaN HEMTs Without Insertion Impedance and Unaffected by Magnetic Field Noise Using Two Optical Probe Electric Current Sensors

in the 17<sup>th</sup> IEEE Energy Conversion Congress & Expo (ECCE ASIA) 2025, held during

11- 14 May 2025, Bengaluru, India

**Kaushik Basu**

General Chair

Indian Institute of Science, India

**Vishal Anand A G**

Organizing Chair

Bloom Energy, India

**Pradyumn Chaturvedi**

TPC Chair

Visvesvaraya National Institute  
of Technology, India
